New Back-to-School **Tools**

Get prepared for the semester with software that will enhance your teaching or learning experience

Same software, just cheaper

- It really is the same software! Adobe and Microsoft give students and faculty a price break on software so you can better afford their products. In fact, nearly all our manufacturers are the same way. It's the affordable way to get the most current programs you need. See page 50 for eligibility details.
- We are an authorized reseller for every product we carry, so you will own a legal license for the software you purchase. Your product will be the most-current version, and will be fully supported by the manufacturer.

Professional results on a film student budget

All the tools you need to get to Sundance

Get it all down with the same scriptwriting software used by Hollywood professionals. These powerful programs format your screenplay as you write, so you can focus on your characters and plot, not on script-writing rules.

Digital camcorders run the gamut from pocket-sized shoot-and-share devices to professional-level equipment capable of accomplishing its own post-production work.

Professional results aren't hard to achieve when you have the right software. Edit, add music, titles, and even special effects – it's all within reach at Academic Superstore.

With output software you can rip, burn, copy, and share your videos on CD, DVD and Blu-ray discs. You can even upload your work to the web to share with the world. With some programs you'll even have the ability to import high-def video from TIVO and other sources.

Speed and space is the name of the game when it comes to a storage device. Today's high performance hardware offers efficient, reliable, and cost-effective solutions for all sorts of large-scale projects including video editing, digital photography, and major design files.

Scriptwriting

Final Draft® **Final Draft® 8** Professional Scriptwriting Software

- Format Assistant checks your script for common formatting errors, such as missing dialogue, extra spaces, carriage returns, and more
- Files from any word processor can be imported easily
- Over 50 television show, movie, and stageplay templates are included – complete with characters and locations
- Manage and view all the important details of your scene in a sortable floating palette

Use your creative energy to focus on the content; let Final Draft take care of the style. Final Draft is the number-one selling application specifically designed for writing movie scripts, television episodics, and stageplays. It combines powerful word processing with professional script formatting in one self-contained, easy-to-use package. There is no need to learn about script formatting rules – Final Draft automatically paginates and formats your script to industry standards as you write.

MSRP \$249.00 | You Save \$89 | **\$159.95**
Mac and Win #FE1007827

Final Draft AV 2.5 is the only dedicated scriptwriting software specifically designed for the writers of commercials, corporate and training videos, and documentaries.

Write Brothers® **Movie Magic® Screenwriter™ 6** Easy to Use, Yet Powerful Enough for Hollywood's Biggest Hits

- You'll be writing your first script in under 10 minutes
- Free technical, phone, and e-mail support
- Complete thesaurus and updated dictionaries in 9 languages

Movie Magic Screenwriter is the best selling screenplay-formatting software and the choice of Hollywood professionals. Screenwriter automatically formats while you write so you can focus on what you're writing, not where it goes on the page. It also formats for television, stage, novels, and comic book scripts so you've got an all-in-one package for any story you want to write. Integrated outlining, online collaboration, and the most-comprehensive production features of any screenwriting software make Movie Magic Screenwriter the clear choice.

MSRP \$249.95 | You Save \$120 | **\$129.95**

Adobe®
Visual Communicator® 3
 Create Newscast-Quality Video Presentations in Minutes

- Provides a teleprompter, video creation capabilities, and an entire library of customizable graphics, effects, titles, music, and templates
- Convert an entire PowerPoint show into a narrated video that you can post to the Web
- With live output capability, you can self-produce video broadcasts, conferences, distance learning courses, campus-wide newscasts, and more

Adobe Visual Communicator 3 offers hundreds of customizable graphics, music clips and special effects to create video presentations that look like a television newscast. When presenting in front of a backdrop, users can digitally replace the background with an image or video. The teleprompter allows users to speak confidently without memorizing lines. Deliver video presentations via email, CD, DVD, a Channel One Closed-Circuit System, or live over the Internet in Flash video (FLV) using Adobe Flash Media Server.
