

A background image showing a classroom scene with students. In the foreground, a young woman with dark hair and glasses, wearing a light blue cardigan over a white top, is looking down at a book or paper. Behind her, another student with blonde hair is partially visible, also looking down. The scene is brightly lit, suggesting a sunny day.

Microsoft **Office 365 University 2013**  
**Tackle Any Assignment, Presentation, or Group Project**

- Create High-quality documents
- Collaborate with groups online
- Stay organized and efficient

Always have the latest versions of Word, Excel, PowerPoint, Outlook, OneNote, Publisher, and Access for your Mac or PC. Capture your ideas however you work best—using a keyboard, pen, or a touchscreen.

Do more with your Word docs: pop in an online video, open a PDF and edit the content, and align pictures and diagrams with minimal fuss. Excel templates do most of the setup and design for you, so you can focus on your information. Create stunning presentations with the new alignment, color-matching, and other design tools in PowerPoint. Draw, handwrite, type, click, or swipe your notes in OneNote. Your notes are saved, searchable, and synced to OneNote apps on your other devices. Outlook is now automatically connected to your Microsoft web mail account. Sync tasks and calendars with Outlook to put all your plans together. Work with pictures more easily in Publisher to add that eye-popping touch to your publications. Easily build a database app in Access and then use and share your app on the web.

### Alien Skin **Eye Candy 7** *Slick Design Made Easy*

Eye Candy 7 renders realistic effects that are difficult or impossible to achieve in Photoshop alone, such as Fire, Chrome, and the new Lightning. Effects like Animal Fur, Smoke, and Reptile Skin are rendered in exquisite detail down to individual hairs, turbulent wisps, and shiny scales. Eye Candy helps you quickly explore and design looks. In Eye Candy 7, effects are chosen through easy to recognize icons rather than text menus. Presets are rapidly previewed by simply mousing over them. The theme is less clicking and more visual browsing.

### Jam Hub BedRoom System

- 15 audio channels for up to 5 musicians
- 5 XLR and 5 TRS input jacks
- 1-R switch for listening to recording mix
- 24-bit stereo effects including reverb, delay and modulation

BedRoom's unique approach to jamming will help you get better faster; it's easier to find your place in the mix when each player has the freedom to set their own levels. It's important to understand where your voice and your tone sit in a band's sonic spectrum. By practicing with the clarity and control of a JamHub studio, you're setting yourself up for better live sound and tighter performances. And by isolating each player and their instrument from the room, you create an ideal sound landscape that will have you playing more, playing better and having more fun.
